

W1-P1: Get Request demo in Postman

The screenshot shows the Postman application interface. On the left, there's a sidebar with 'My Workspace' containing a collection named '1122-wp2-2N_31' which has a 't1-first-request' item. The main area shows an 'Overview' tab for a 'GET t1-first-request' call. The URL is set to <https://course-api.com/react-store-products>. Below the URL, under 'Params', there's a 'Query Params' table with one row: 'Key' and 'Value'. In the 'Body' section, the response is displayed in 'Pretty' format, showing a JSON object with various product details. A large red box highlights the entire JSON response body. At the bottom of the interface, there are several status indicators and links.
